

**STATE PLANNING COUNCIL**  
**STATEWIDE PLANNING PROGRAM**  
**RHODE ISLAND DEPARTMENT OF ADMINISTRATION**  
One Capitol Hill  
Providence, RI 02908-5870

**PUBLIC NOTICE**  
**AMENDMENT TO THE TRANSPORTATION IMPROVEMENT PROGRAM**

Amendment #9 is being proposed to the **FY 2009-2012 Transportation Improvement Program (TIP) for the State of Rhode Island**, as adopted by the State Planning Council on August 14, 2008.

The RI Public Transit Authority (RIPTA) and the RI Department of Transportation (RIDOT) have requested the amendment for the following purposes:

- Add new projects and reschedule projects to include available discretionary funding, additional federal appropriations, and funding made available by implementing previously programmed projects through the American Recovery and Reinvestment Act.
- Reprogram projects to take advantage of new eligible activities.

The following TIP Programs will be affected:

- Administrative
- Bridge
- Enhancement
- Interstate
- Planning
- Traffic Safety
- Bike/Pedestrian
- Congestion Management and Air Quality
- Highway
- Major Projects with Multi Year Funding
- Pavement Management
- Transit

Air quality conformity determination will be presented at the public hearing. The proposed amendment is available for review at the R.I. Statewide Planning Program Office (see address above) between 8:30 a.m. and 4:00 p.m., Monday through Friday and at the Program's website at [www.planning.ri.gov](http://www.planning.ri.gov). A copy may also be obtained by calling (401) 222-7901.

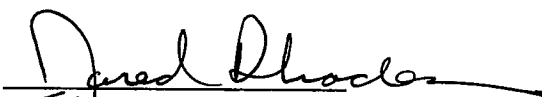

**The State Planning Council's Transportation Advisory Committee (TAC) will conduct a public hearing on the proposed amendment at its meeting scheduled for:**

**Thursday, January 27, 2011 at 6:30 p.m.**  
Conference Room A, Second Floor  
R.I. Department of Administration Building  
One Capitol Hill, Providence, RI 02908

**The proposed amendment, together with any recommendations by the TAC, will be considered by the State Planning Council at its meeting scheduled for:**

**Thursday, February 10, 2011 at 9:00 a.m.**  
Conference Room A, Second Floor  
R.I. Department of Administration Building  
One Capitol Hill, Providence, RI 02908

The meeting locations are accessible to persons with disabilities. Those requiring any accommodation for disabilities must call (401) 222-7901 not less than 48 hours in advance of the meeting. All persons may present their views on this amendment in person, through a representative, or by filing a written statement with the Secretary of the State Planning Council, One Capitol Hill, Providence, RI 02908. All comments on the TIP must be received by the close of the hearing on January 27, 2010. This notice, public meeting, and comment period satisfy the public participation requirements for RIPTA's operating and capital grant programs from the Federal Transit Administration.

## State of Rhode Island and Providence Plantations

### Interoffice Memorandum

November 8, 2010

**To:** Jared L. Rhodes II, Secretary  
State Planning Council  
**Department:** Administration

**From:** Robert A. Shawver *RAS*  
Associate Chief Engineer  
**Department:** Transportation

**Subject:** RIDOT Request for TIP Amendment

After the FY 2009 – 2012, Transportation Improvement Program (TIP) was first approved by the State Planning Council (SPC) in August 2008, two major events have affected implementation of projects programmed in the TIP; the passage of the American Recovery and Reinvestment Act (ARRA) and the great flood of 2009. To address these events and more routine programming needs, the TIP has been amended or adjusted eight times on an ad hoc basis. At the September Transportation Advisory Committee (TAC) meeting, RIDOT was asked to submit a draft TIP which addresses the project scheduling changes and fully programs the additional federal funds made available with of the addition of ARRA and federal emergency flood funds. RIDOT presented a draft TIP at the October TAC meeting and now requests the TIP draft accompanying this memo be presented to the TAC and SPC for adoption.

The TIP draft:

1. Serves as a status report for highway and rail funds by listing the actual amounts assigned to projects in 2009 and 2010,
2. Is fiscally constrained based on the expectation of funding each year:

Federal Formula Funds: \$225 M (2010 funding provided)  
Flood Funding (2011 only): \$16 M (reimbursement of 2010 authorized funds)  
NHTSA Funds: \$ 3 M (from repeat offender penalty transfer)  
GO Bonds: \$40 M

3. Re-programs and adjusts project costs for projects which were scheduled, but not implemented, in 2009 and 2010,
4. Adds the Chepachet Bridge, Carolina Bridges and Removal of the Magnolia Street Bridges due to need,
5. Adds the following Pavement Management Projects due to the poor pavement condition:

Rt. 102	Coventry, W. Greenwich	Scituate T/L to Route 3
Rt. 114	Woonsocket	Mendon Road Intersection
Rt. 116	Smithfield	Route 44 to Route 5
Rt. 165	Exeter	Route 3 to CT S/L

6. Programs all available funding by accelerating projects listed in the future years of the TIP,
7. Updates current project costs and schedules for projects,
8. Moves the funding for operating of the Transportation Management Center into the Interstate Program,
9. Updates the Enhancement project schedule,
10. Renames certain Traffic/Safety Programs to better reflect the activities funded,
11. Adds two new programs, the Program to Eliminate Structurally Deficient Bridges and the RISTARS Program (Strategically Targeted Affordable Roadway Solutions Program) to be more responsive to local community bridge and safety needs,
12. Updates the amount of funding that is currently available for SAFETEA-LU Earmark projects, and
13. Includes the changes proposed by RIPTA in its November 4, 2010, letter requesting a TIP amendment.

A list of the TIP project changes affecting FY 2011 - 2012 is attached. Also attached, is a table showing the amounts programmed using Federal Highway Administration formula funds showing fiscal constraint with the expected funding resources.

Please bring this amendment request before the Transportation Advisory Committee and State Planning Council for action. Thank you for your assistance in this matter.

12/09/2010

November 4, 2010

Mr. Jared L. Rhodes II, Secretary  
State Planning Council  
Department of Administration  
One Capitol Hill  
Providence, RI 02903

Dear Mr. Rhodes,

The Rhode Island Public Transit Authority requests an amendment to the Transportation Improvement Program (TIP) to include the award of two competitive grants and reprogramming of funding to allow RIPTA to add funding for Small Urban Transit Operations.

We request that the 2011 TIP line for Facilities-Administration/Maintenance, Upgrade/Expansion, Section 5309 Discretionary be increased to \$5.23 to include the award of \$1.5 million funding for solar heating at RIPTA's Elmwood Avenue Facilities. This project is funded with 80% federal funding.

RIPTA has also received funding from FTA's Livability grant. We request the addition of \$.88 to the 2011 TIP line for Facilities-Passenger, Upgrade/Expansion. This project will fund design and construction of small peripheral hubs that are part of the Greater Kennedy Plaza project. This project includes construction of passenger amenities, improved signage and design of new traffic circulation patterns and improved traffic light configuration, identification of potential designated bus lanes and new bus berths. This project is funded with 80% federal funding.

The third amendment that we are requesting is to add \$.64 million to the Transit Operations, Small Urban 5307 line of the TIP in both 2011 and 2012. New guidance from FTA allows RIPTA to use 80% federal funding for on-going transit service on Aquidneck Island. In order to add these funds, RIPTA requests that the 2011 and 2012 Major Transit Projects line of the TIP be reduced by \$.40 million in 2011 and 2012 revising the Major Transit Projects to \$.99 in 2011 and \$6.54 in 2012. Transit operation activities are funded with 50% federal funds Major Transit project is funded with 80% federal funds. This reduction in funds for Major Projects activities will mean that implementation of \$.8 million dollars of project activities included in the Alternatives Analysis/Environmental Assessment will be delayed to future years.

The requested changes to the Transit Program of the TIP maintain fiscal constraint as the first two changes are the result of additional funding available through discretionary grants and the third change is a reprogramming of existing funds. RIPTA's project funding maintains fiscal constraint of the Transportation Improvement Program. We request that these changes in RIPTA's grant activities be included in the proposed amendment to the Transportation Improvement Program.

Sincerely,

Mark R. Therrien

Assistant General Manager for Planning, Grants and Transit Development
