

Transportation Improvement Program for the State of Rhode Island FY 2009 - 2012

Amendment Number 2

Approved

April 16, 2009

The primary purpose of this amendment is to program American Recovery and Reinvestment Act transit funding for the purpose of adding new projects. Specifically RIPTA proposed and the Council/MPO approved:

1. \$23.02 and \$.58 million in funding for Revenue Vehicle Replacement in FTA Programs 5307 and 5311 respectively;
2. \$2.29 million in funding for Facilities-Admin/Maintenance-Upgrade Expansion, Transit and Security Enhancements in FTA Program 5307;
3. \$2.45 and \$.28 million in funding for Support Equipment/Supplies/Vehicles Preventative Maintenance in FTA Program 5307 and 5311 respectively;
4. \$3.12 million in funding for Support Equipment/Supplies/Vehicles Replacement in FTA Program 5307; and
\$2.15 million in funding for Intelligent Transit Systems under FTA program 5307.

In addition the Council also endorsed two "No-Action Amendments" as defined by the Memorandum of Understanding on Procedures for Amending the TIP and as authorized by the text changes approved in Amendment 1. These included:

1. The addition of \$8.15 million in State funds to the Pavement Management Program's Local Roads initiative which is also known as the Roadway Investment Local Aid Program (RILEAP); and
2. RIPTA's carrying forward of \$2.71 million in unobligated CMAQ funding from the previous to the current TIP.

PUBLIC NOTICE

AMENDMENT TO THE TRANSPORTATION IMPROVEMENT PROGRAM

Amendment #2 is being proposed to the **FY 2009-2012 Transportation Improvement Program (TIP) for the State of Rhode Island**, as adopted by the State Planning Council on August 14, 2008. The amendment has been requested by the RI Public Transit Authority (RIPTA) for the purpose of reallocating funding to add new projects to address the anticipated increase in funding for transit from the American Recovery and Reinvestment Act. The Transit section of TIP Programs will be affected.

Air quality conformity determination is not required. The proposed amendment is available for review at the R.I. Statewide Planning Program Office (see address above) between 8:30 a.m. and 4:00 p.m., Monday through Friday and at the Program's website at www.planning.ri.gov. A copy may also be obtained by calling (401) 222-7901.

The State Planning Council's Transportation Advisory Committee (TAC) will conduct a public hearing on the proposed amendment at its meeting scheduled for:

Monday, April 13, 2009 at 6:30 p.m.
Conference Room A, Second Floor
R.I. Department of Administration Building
One Capitol Hill, Providence, RI 02908

The proposed amendment and any recommendations by the TAC, will be considered by the State Planning Council at its meeting scheduled for:

Thursday, April 16, 2009 at 9:00 a.m.
Conference Room A, Second Floor
R.I. Department of Administration Building
One Capitol Hill, Providence, RI 02908

The meeting location is accessible to handicapped persons. Those requiring any accommodation for disabilities must call (401) 222-7901 not less than 48 hours in advance of the meeting. All persons may present their views on this amendment in person, through a representative, or by filing a written statement with the Secretary of the State Planning Council, One Capitol Hill, Providence, RI 02908. All comments on the TIP must be received by the close of the hearing on April 13, 2009. This notice, public meetings, and comment period satisfy the public participation requirements for RIPTA's operating and capital grant programs from the Federal Transit Administration.

Jared L. Rhodes
Secretary
State Planning Council

March 14, 2009

Dennis Smith, Town of Coventry
Jim Celenza
Timothy Heffen, Greenman-Pedersen, Inc.
Meredith Pickering, RI Senate
Pam Sherrill, PARE Corp.
Steve Elias
Mary Shepard, DOT WATCH
Bill Legare, Valley Transportation Corporation

Statewide Planning Staff Present:

Kevin Flynn, Associate Director
Jared Rhodes, Chief
Vincent Flood, (Acting) Supervising Planner
Ronnie Sirota, Senior Planner
Karen Goudin-Scott, Principal Planner

II. Report of the Public Hearing

Ms. Fran Shocket, TAC Chair, opened the Public Hearing at 7:20 p.m.

Mr. Jared Rhodes, Chief of Statewide Planning, summarized the proposed Amendment #2 to the Transportation Improvement Program (TIP) FFY 2009 – 2012 (see Public Hearing Opening Statement in the Attachments). Mr. Rhodes stated that this amendment includes changes to the approved TIP that have been proposed by the RI Public Transit Authority. The proposed amendment reallocates funding to add new projects to address the anticipated increase in funding for transit from the Federal Transit Administration (FTA) as a result of the American Recovery and Reinvestment Act (ARRA). This will be reflected in the transit section of the TIP Programs. The Department of Environmental Management Office of Air Resources has determined that the proposed amendment would conform to the state air quality implementation plan.

There were no written comments received from the public. Ms. Shocket called on RIPTA to give their presentation on their Amendment request.

Staff Presentation: RI Public Transit Authority (RIPTA)

Mr. Therrien gave an overview of Amendment #2. RIPTA requests a total of \$38.25 million. Based on FTA information about the funding, RIPTA expects to receive \$37 million of Urbanized Area funding and \$0.86 million of Nonurbanized Area funding for capital projects. He stated that the Wickford Junction item is already in the TIP. The ARRA rules allows over-programming but not to actually grant over the specified amount.

RIPTA proposes to fund projects for purchase of hybrid buses, maintain transit facilities and equipment, and improve security and intelligent transit systems as part of the Urbanized Area Formula Program, 5307. RIPTA proposes to use Nonurbanized funds, 5311 to purchase a hybrid bus, provide complementary ADA service and maintain transit facilities and equipment. This total will include purchase of 22 hybrid buses and an upgrade of 45 previously programmed bus purchases to hybrid technology. The payoffs from the hybrid buses should be in eight years or less depending on fuel costs. The funds should also provide for increased transit security with cameras at the the RIPTA garages as well as passenger amenities at Kennedy Plaza and Transit Corridor Design along North Main St. and Broad St. in Providence. The new buses will replace buses from the 1990's, therefore, maintenance costs should decreased. Mr. Therrien directed people to the Package for Amendment #2 for additional details.

An important consideration is that \$24 million of the funding must be applied for and obligated by June of this year.

TAC members asked a few questions before the Public Comment period began. Mr. Wood asked if the funds will impact operating expenses. Mr. Therrien replied that this should increase fuel mileage cutting down on energy bills as well as resulting in less maintenance costs. The new buses will have a five year warranty period.

The speakers in the Public Hearing are as follows:

1. **Chuck Smith, Town of Coventry D.P.W.**

- Spoke in support of the RILEAP Program and any financial assistance that could be provided to cities and towns. Supports amendment as proposed.

2. **Richard Langseth, Executive Director, Greenwich Bay Watershed Group**

- Noted that he holds RIPTA and RIDOT in highest regard.
- Expressed disappointment that he did not know of the previous weeks Transit Committee meeting and stressed the need for transparency and better communication in this regard.

3. **Bob Votava, DOT Watch**

- Complimented RIDOT for their efforts regarding the RI Leap Program and RIPTA on the Metro Area Transit Study.
- Expressed his support for RIPTA's evaluation of additional transit alternatives.

4. **Eugenia Marks, Audubon Society of Rhode Island**

- Expressed support for the proposed TIP amendment and its air quality benefits.
- Requested clarification as to the definition of "rural" within the context of FTA programmatic funding criteria.

- Asked if RIPTA related FTA stimulus funds could be applied to the development of a Pawtucket/Central Falls commuter rail station.
- Believes bus/rail is an appropriate Intermodal connection.

5. Margherita Pryor, Providence Bicycle Coalition

- Endorsed hybrid buses and noted EPA studies on dangers of particulates.
- Suggested using new hybrid buses on congested routes near schools.
- Disagreed with an earlier opinion that people will only use one mode of transit.

Ms. Shocket adjourned the Public Hearing at 7:40 p.m.

Following the Public Hearing, the Transportation Advisory Committee (TAC) resumed its meeting. The TAC discussed and voted to approve Amendment #1 to the TIP FFY 2009 – 2012.
